## Pete Dorsey's Horse Reserve World Champion

Pictured above is the 1978 Reserve World Champion 3-year-old Racking Horse, owned by Pete Dorsey of Elba. The

champion, Magic Black, won the title last week in Decatur at the 7th annual Racking Horse Breeders Association

World Celebration. The building is located on 38 acres and has 300,000 square feet under one roof compared to 500,000 in the Elba plant. It is currently producing six vans a day and Collier said immediate plans include increasing this to seven within the next thirty days.

Collier expressed satisfaction with what he had seen at the newly-acquired facility, and said it would probably mean more traveling for him as head of the cargo trailer division. He said the plant is geographically well-located, and adds much to the added expansion possibilities of the firm.

The new facility also produces an aerial lift and digger derrick that promised to give the firm added diversification, according to Collier. The aerial lift is used to work on telephone and utility lines and the digger derrick is used to dig holes and "plant" utility poles.

## County To Lengthen Office Hours

### Office Hours

Coffee County Probate Judge James L. Sawyer has announced that all county offices will be open from 8 a.m. until 5 p.m. on weekdays, and from 8 a.m. until 12 p.m. on Saturdays during the current tag buying season. The offices of the Probate Judge, Tax Assessor and Tax Collector will all be open during the noon hour to accommodate the public. Tags may be purchased until November 15.

## INTERNATIONAL TO ISSUE HUNTING PERMITS

Sportsmen and women in Southeast Alabama will have about 74,000 acres of International Paper Company land available to hunt on this year, according to Southeast Alabama Timberlands Supervisor Bill Boyd. These lands are being made available for hunting under IP's multiple use forest management concept.

Purchase of a \$10 permit allows the buyer to hunt on any of the company's permit hunting areas in Barbour, Bullock, Chambers, Coffee, Covington, Crenshaw, Dale, Lee, Pike, Montgomery, Randolph and Russell Counties. If the sportsman or woman prefers to hunt only in his or her home county, a county-wide permit can be purchased for \$5," Boyd stated. "Persons 65 years of age or over, under the age of 16, disabled veterans and all ladies sports-persons will be charged a permit fee of one dollar."

Permits for hunting International Paper Company lands may be purchased in person at Vaughan's Hardware in Elba.

## Elba Council Agrees To Purchase Garbage Truck

The regular meeting of the Elba City Council Tuesday night was relatively short. All members were present and voting. After hearing the minutes of the previous meeting, the council discussed the continuing need for repairs and replacements of garbage trucks. During this discussion, General Dewberry was asked to give his professional opinion of the mechanical worthiness of the vehicles. Dewberry recommended repairing the newer truck and replacing the older one. He said a motor overhaul would get the newer one in good shape, but the prices given by local repair shops were much too high. Dewberry said he could do the work in about four days, and the council agreed to authorize the work even though at least two councilmen questioned the wisdom of trying up a mechanic on a major overhaul when other work would go lacking.

During the discussion, Mayor Folsom named Dewberry head mechanic for the city, and instructed the city clerk to work out the pay difference. The councilmen concurred with this action when Folsom asked their opinion by leaving the decision to the Mayor.

Fred Qualls presented a petition from the residents of Ann Street asking for drainage help and curbing work along the entire length of the street. Prior to Qualls' arrival at the meeting, this work had been discussed, and Councilman Mike Russell reported he had inspected the street and thought that with some drainage work the curbs could be installed and the entire area upgraded. Qualls was told the work would be done as soon as possible.

Acting Police Chief Max Rayburn reported the receipt of \$1593 in fines during September and the hiring of Pat Daugherty as relief radio operator.

City Clerk Jack Prescott passed out revised copies of the proposed budget prepared by Mayor Folsom, and after some discussion the council tabled any action on the budget until next meeting. This was done to allow time to study the entire budget, according to the motion to table made by Councilman Cleo Hawkins.

Previous policy had been for no employee being allowed to carry over accrued leave from one year to the next. Prescott pointed out problems with this policy, and suggested allowing some carryover. After a limited discussion by council members, a fourteen-day leave carryover was approved. Monthly bills of slightly over \$7,000 were approved by the council. This didn't include several repair bills already paid, including one for over \$1,000 for repair on an old police car being used by the nutrition program. Mayor

Folsom stated he took the car to MacArthur Tech and told them to completely redo the motor, but didn't expect this much expense.

While reviewing the bills, the councilmen discussed health insurance for employees, which is paid partly by the employee and partly by the city. The councilmen instructed the city clerk to immediately drop any employee not drawing pay. When Prescott asked if this included suspended Police Chief M. W. Johnston, he was told yes.

The council meets again in two weeks.

## Gas Company Tells Of Rate Increase

Repeated increases in the cost of the natural gas it distributes have compelled the Southeast Alabama Gas District to announce a general rate increase.

Bills received by the District's 30,000 customers after December 1, 1978, will reflect the rate increase. Gas District Manager R. J. Smith, Andalusia, explains: "Since January 1, 1978, Federal authorities have granted five rate increases to the natural gas industry. "In other words," Smith said, "the increases were granted to the natural gas producers, who have passed the increases down the line to distributors such as the Southeast Alabama Gas District."

Smith pointed out that the

## Trailer Plant Announces Acquisition

Dorsey Trailers has announced the purchase of a Midwest trailer manufacturing

plant from Xtra Corporation. The announcement was made jointly by Xtra and Dorsey on

September 21st. The purchase price will be paid partially in cash and partially by the issuance of a new series of The Dorsey Corporation preferred stock. The shares so issued will have an eight-year sinking fund.

Mr. Herbert L. Oakes, Chairman and Chief Executive Officer of Dorsey, said the acquisition will provide Dorsey with needed additional production capacity to meet the growing needs of its trailer customers for high quality transportation equipment, particularly in the Midwest and East. This is the third cargo trailer manufacturing facility operated by Dorsey through its Dorsey Trailers, Inc. subsidiary, headquartered in Elba.

The Dorsey Corporation is a leading producer of glass and plastic containers and cargo trailers with 24 facilities located in 13 states.

Dorsey Trailers President George Collier returned Tuesday night from the Midwest plant and gave the fol-

## General Telephone Company Work Progresses

General Telephone Company announced last week that work is progressing on schedule which when completed on November 4, will upgrade Direct Distance Dialing in Elba, Midland City and Pinckard. The project, costing some \$250,000, will upgrade DDD from the present Operator Number Identification to Automatic Number Identification (ANI).

ANI is a new service which will provide private line customers with faster and easier long distance calling. With ANI it will no longer be necessary for an operator to

request a customers number for billing purposes. The number will be recorded automatically.

Long-distance dialing procedure will remain the same as before. The caller will continue to dial 1, plus the area code if outside Alabama, and the called number, or dial 0 to make operator-controlled calls.

Work on the conversion project began in April of this year by General Telephone technicians and Automatic Electric Company installers.

## BRAINSTORMS

WITH FERRIN COX

Rather than have a fire or other bad thing happen to your family before you find out just how fine the people of Elba are, just ask Helen or Duane Kellner. Following their major fire last Wednesday, Duane said time and time again, "How great the people of Elba are. Even though he works offshore from New Orleans and his wife in Enterprise, Kellner is strong in his opinion to rebuild in Elba," because of the fine people who have come forward and offered to help us". We all get upset with the various activities in Elba at times, but as the Kellners can so strongly attest, Elba folks will be there when you need them!

Republican Jim Martin is changing Senate races in an effort to find the easiest candidate to defeat. After the dust has settled this may be a smart move but initially the reaction in Coffee County has not been good for Martin. Last week we commented here about the large number of people saying they would vote for Martin, regardless of the winner between Heflin and Flowers. A Montgomery political writer later made the same observation about that community. Now several of the people who made that statement are upset about the move and are writing off Martin. Frankly this writer was also fed up and upset with both Heflin and Flowers and was leaning to Martin, but now it is a different story. I know and like Donald Stewart and am disappointed that a man of Martin's reputation would adopt the tactics of the defeated. Democratic candidate and start changing Stewart with a being a dirty ole "liberal".

The Catholic Church and the world was shocked to hear the new Pope of 34 days had died in his sleep. However, this is not the shortest reign for the church leader. It is rarely that news media folks get to report on such an event as naming a new Pope twice in a lifetime, but here we have people who learned how a month ago are going to be able to give a repeat performance and with the experience, surely do a better job. We feel we could do a better job of reporting on a flood in Elba, having witnessed one, yet we join a whole bunch of folks and hope it never happens again.

The city council was talking about a budget for the coming year and during the conversation a "surplus" was mentioned and the fact that it is higher than it was last year. To me this is a joke! With all the worn-out equipment, clean-up of town needed and a bunch of other needs, there is no such thing as a surplus of revenue in Elba even if the revenue were to immediately jump a million dollars. Really all they have is some money not already spent and now is the time to decide the best way to spend it.

Alabama football coach Paul "Bear" Bryant tackled over a home's nest when he got involved in the Governor's race. However after a few more weeks of folks bad mouthing him about it, Bryant will still be coach at Alabama and not really worried about those who got mad with him about his politics.

The National Football League owners are meeting to discuss some very serious business problems. Along with this they hope to set up some dress codes for cheerleaders. Lately it has become a race to see which group could cheerlead the most and get away with it.

The indictment of another man in the years old killing of a civil rights worker in Lounes County leaves some questions in my mind. The so called evidence seems to be from those who have already served time for the killing. This makes me wonder if they are not just implicating the other man because he was the paid FBI informer. This could be their way of "getting back" at their enemy.

## LETTERS TO THE EDITOR

Dear Ferrin,

I am sure everyone is tired of all the arguments for and against the Wet-Dry issue, but I'm putting my two cents in, anyway.

If every person of voting age really understood and cared what alcohol does to people there would not be one single vote for this county to go wet. I would like to ask the people of this county these questions:

Is the momentary pleasure of alcohol worth what is costs in the long run?

Is it worth one highway or boating accident in which people are killed or injured?

Is it worth one child being afraid to go to bed at night because mommy and daddy are fighting again?

Is it worth one child being beat by a parent who had one drink too many and just could not control the anger anymore?

Children are easy to hit and easy to intimidate because they don't fight back.

If you knew that even one of these things happened here, would it be worth it to you? It's not to me and I will fight it as long as I live.

People will say that things like this don't happen, but they do. They will say that even if it did happen it wouldn't be someone that you know, think of your friends, someone you know has a drinking problem. Have you ever seen someone die from drinking, if not go to a hospital and visit, then come home and drink again.

People who drink will get it somewhere else if not here, that is true, but we don't have to make it accessible on every corner. The extra revenue that the county would have would be spent in extra police necessary, and extra work to keep the roads even halfway clear of beer cans and bottles.

There are people who drink who do not have a problem, but keeping them from driving an extra 20 miles to get their booze does not make me want to put up a liquor store to save them gas.

Please look at the people you love and realize that there are enough things in the world that can take them away from you, please don't add a useless one like alcohol to the list. Thank you, Christine Brunson

## Dry Forces Of County To Hold Rallies

Rev. Cooper

The Dry Forces of Coffee County will hold two rallies on Sunday, October 8, at 2:30 in the afternoon. One will be at the First Assembly of God Church in Elba, and the other at the First United Methodist Church in Enterprise.

The principal speaker at Elba will be Rev. Warren Cooper of Selma. He is a native of Mississippi and attended Mississippi State College. He later moved to Memphis, Tennessee, where he was on the staff of the famous Bellevue Baptist Church. There he served in several capacities, one of which was teacher of a men's class of 350 members.

He attended Texas Wesleyan College and Southwestern Seminary, graduating from both. He served as assistant pastor of Rehama Baptist Church of Birmingham, and was pastor of Central Baptist Church in Selma for sixteen years. While he was there, the church membership grew from 1,000 to more than 1,500.

The two meetings are being held simultaneously for the convenience of people in all sections of the county. Similar programs will be conducted at both meetings.

The speaker at the First Methodist Church in Enterprise will be Dr. A. Earl Potts of Montgomery, Assistant to the Executive Secretary of the Alabama Baptist State Convention.

People from churches of most of the denominations to present the same within the time allowed by law or the time will be barred.

## Views From The Pressbox

By Ricky Mulaz, Sports Editor

The Elba Tigers won last week and showed a lot of pride by coming back from a 12-0 deficit. Greenville had the local fans starting to mumble about what was on TV, but before they could have and go home, the Tigers struck for a score, and a spark of hope was lighted.

The Tigers finally came out of hibernation in the third quarter and excited the fans by showing signs of regaining their old style. The Tigers will travel to Troy Friday night and they need a large crowd to follow them and give them moral support!

Support the youth of Elba - back the Tigers.

The South Alabama Conference releases football stats every week, and until this week, Elba had a lot of names near the top. This week, a new group of leaders have arrived from Daleville. Daleville declined to send in their stats until last week and have suddenly gone right to the top. The stats may be right, but it sure looks suspicious!

The area football scene went pretty much on schedule last week as the winners kept on winning.

Brantley moved up in the 2A ranks and blasted Goshen 36-8. The Bulldogs are getting better each and every week, and could yet pull a few surprises.

Eufaula, the team nobody wants to play, poured it on 4A Ozark 27-0. The Bulldogs are getting better each and every week, and could yet pull a few surprises.

Adalusia had a scare last week, but survived it and whipped Demopolis 40-19. The Bulldogs trailed 19-6 early in the game, but settled down and poured it on.

Coffee Springs lost again and now owns a record of 1 win and 4 losses. The Bears could possibly salvage a winning season and some pride.

Jeff Davis proved to be the King of Montgomery by routing Lanier 37-0. Maybe this is the year the Vols win a playoff game.

I went up and saw Troy State play Saturday night and was surprised at the ease with which they disposed of Livingston. The Trojans have a solid passing game and kicking game and should challenge for the Gulf South crown.

Ye old Polish Prognosticator hit on 16 of 30 picks last week for 80% correct. Hey, that ain't too bad!

This one should be a wide-open affair with quite a few points being scored. I've got a feeling Troy may pull an upset, but I'll go with the Tigers!

**ZION CHAPEL - NEW BROCKTON**  
The Rebels' hopes for a state championship are gone, but they still have their eyes set on another "County Crown." The Rebs will pass their first test!

**BRANTLEY-WICKSBURG**  
This one will be a preview of a state playoff game. Both teams are virtually assured of region crowns and a win will give one team a definite edge. Dump 'em Dogs!

## Coach Wood Warns That Troy Is Better Than Record Indicates

When you look at Troy's 0-5 record it leads you to believe the Trojans are a poor team. However, when you take time to check out the teams they have lost to, it poses some questions.

The losses came to Wetumpka (3-3), Opp (6-0), Enterprise (5-0), Andalusia (5-0), and Ashford (2-4). That's a pretty tough schedule.

"Troy scares the heck out of me," stated Elba Coach Mack Wood in a recent interview. "and I guarantee you they're a lot better than their record indicates. They have a good team, but have lost to good teams. Offensively, they run the veer and do not use a huddle. They call all their

## Zion Chapel To Meet New Brockton In Homecoming Tilt

The Zion Chapel Rebels celebrate homecoming this week they host the New Brockton Gamecocks in a Friday night clash. Both teams have 2-2 records and the two schools are cross-county rivals.

"Our player are down after last week's loss to Arlton," said Rebel Coach David Collins, "but we have to get up before Friday night. We've still got five games left and we've got

to look ahead!"

"New Brockton has a good team and they'll really be up for us," added Coach Collins. "If they can beat us it will make their season and they would like nothing better than to spoil our homecoming. Their defense will be the best we play all year. They are quick and just swarm all over you. In the spring game they held us to no first downs and

## Trophies Are Awarded As South Alabama Motor Speedway Completes Season

By Greg Brunson

South Alabama Motor Speedway (SAMS) completed its regular season racing card this past Sunday afternoon with a championship race in both the Hobby Class and the Bomber Class plus a big 100-lap Late-Model-Sportsman (L-M-S) feature.

Eleven cars fouled out for the big 25-lap Bomber championship race. Richard Redmon went from the pole position straight into the lead on the very first lap. Redmon led for all 25 laps of the race which was marred by five caution flags. Following Redmon across the finish line were Kenneth Parker, Edwin Pelt, Junior Dykes and Tony Davis.

The second race of the afternoon was the Hobby Class championship. There were also 11 entries in this race. J. W. Colburn and Ricky Smith made up the front row in their 25-lap event.

Ricky Smith grabbed the lead when the green flag fell, but was only able to stay there for three laps. J. W. Colburn then took control. The racing granddaddy led for the next 13 laps until Kenneth Murphy (Elba) eased around him. Murphy held a narrow lead for the last nine laps to take the championship trophy. Colburn finished a very close second, followed by Van Johnson in an equally close third place. Two special trophies were awarded before this race. The first was the "Hard Luck" trophy which was given to Juanita White. Juanita did have some

bad luck this year, but she did keep racing. The "Sportsman of the Year" trophy was awarded to J. W. Colburn who also finished as the points champion.

The last race of the afternoon was the big 100-lap for the Late-Model-Sportsman. This race was also started on the year's points standings, so Nix Bruce had the pole position with Harry Deaton on his right. Ladon Smith and Bob Bear made up the second row. When the green flag fell,

Harry Deaton grabbed the lead. Deaton held the lead for the first 41 laps (22 under the yellow flag) which covered three caution flags plus one red flag because of oil on the track.

On lap number 42, Billy McGinnis took control of the race, and eased home to victory. McGinnis stretched his lead and had lapped nearly the whole field at the end of the race. Jacky Young (Elba) did a fine job of driving to finish second followed by Harry Deaton, Nix Bruce and Rat Lane.

This class also had a couple of trophies awarded for the season's performances. Charlie Clark (Kinston) won the "Hard Luck" trophy while Ladon Smith (New Brockton) was awarded the "Sportsman-ship" trophy.

Two 100-lap races are scheduled for December 3 at SAMS. Qualifying is set for December 2, with a big field expected. As we receive more information, we'll pass it on to you.

Brantley's Coach Mike Sasser talks it over with quarterback Stan Haws (1) as Bulldogs roll past Goshen.

## Brantley Bulldogs Smash Goshen 36-8

BY: WILLIE SMYTH

Coach Mike Sasser's Brantley Bulldogs did not like the taste that defeat left in their mouth the week before as they stormed back to capture a 36-8 victory over the Goshen Eagles at Goshen Friday night to run their record to 5-1.

The game was predicted to be a close contest, with the edge going to Class 2A Goshen, but it never materialized, as Brantley completely controlled the action throughout the evening.

On their initial possession Brantley came out firing with quarterback Stan Haws finding receivers Tim Hall and Jim Cross open in the Goshen Jim Cross open in the Goshen secondary for big yardage.

Haws climaxed the drive with a nine-yard scoring strike to Oros and a two-point conversion pass to Hall to give Brantley an 8-0 lead.

The second quarter saw Goshen knot the score at 8 when Eagle quarterback Tim Davenport squirted over from four yards out and then added the two-point, but the Eagle chances were quickly eliminated as Brantley drove 74 yards and a touchdown.

Tony Pynes did the honors from the line of scrimmage, passing 24 yards out with Stan Haws kicking the PAT to make the score 15-8 Brantley.

With only six seconds showing on the clock in the first half, Richard Dorsey threw his first high school pass and it was a beauty - a 41-yard strike to Tim Hall and another Brantley touchdown.

Dorsey's pass came at the end of an end-around reverse. The second half saw Brantley's pass defenders playing their best game of the season as they intercepted Eagle quarterback Davenport four times and set up two more Bulldog touchdowns.

Quarterback Haws threw a 11-yard six-pointer to tight end Oros and a 12-yard TD toss to split end Dorsey in the third quarter to put the icing on the 36-8 victory. The fourth quarter saw both benches seeing playing time, as it was apparent that it was the night for the "Dogs."

Brantley quarterback Stan Haws, a 5-7 scrambler, was brilliant in the contest as he passed for 83 yards on seven completions in 12 attempts and three touchdowns. Haws also kicked two conversions and passed for two more as he had a toe and an arm in 23 of Brantley's 36 points. Fullback Tony Pynes led Brantley's rushers with 77 yards, while tight-end Jim Oros caught four passes for 41 yards.

Defensively for Brantley, Allen Frazier led the tacklers with 8 while Charles Hammonds, Josh Folmar, Jim Oros, and Johnny Walker added five tackles each. Terry Singleton, Jim Oros, Terry Pease, and Mack Mitchell each intercepted a pass during playing time, as it was apparent that it was the night for the "Dogs."

Brantley travels to Wicksburg Friday night with kickoff set at 7:30.

## Ariton Purple Cats Slip Past Zion Chapel 3-0

A controversial call on the final play of the game cost the Zion Chapel Rebels a victory and a trip to the state playoffs as they fell to the Ariton Purple Cats 3-0 last week in Ariton.

The win upped Ariton's record to 6-0, 4-0 in the area, and clinched the Purple Cats a playoff berth. The loss dropped Zion Chapel's chart to 3-2 and eliminated the Rebels from playoff contention.

Ariton received the opening kick and appeared ready to roll to an easy win as they drove to the Rebel six-yard line. The drive was aided by two 15-yard penalties against Zion Chapel on the same play.

The Rebel defense got tough near their goal line and Ariton had to settle for a 22-yard field goal by Robin Culverhouse with 6:01 left in the first quarter.

Zion Chapel showed the crowd it had come to play and responded by driving down the field to a first down and goal at the Ariton 5-yard line. The Rebel march was set back by a five-yard penalty and on fourth down, Zion Chapel could get no closer than the 3-yard line, turning the ball over to the Cats.

The Rebels took the second half kick and began a march toward the Ariton goal, only to have a 15-yard penalty nullify a pass that carried to the Cats' 14-yard line.

Both defenses began to take charge following the drive, and neither team could muster an offensive surge until the Rebels again began to move with 4:26 left in the game. Zion Chapel battled the Ariton defense and the clock, and apparently had the win when fullback Leslie Hussey bulled over from one yard out. However, the referees had a difference of opinion on whether or not the runner had crossed the goal line. The play was ruled dead at the one-yard line, and because of a penalty, the Cats had one last chance. However, it wasn't to be as Ariton held and won 3-0.

Corky Ward led the Rebel runners with 62 yards, followed by Keith Costner with 52 and Jimmy Taylor with 20. The Rebel march was set back by a five-yard penalty and on fourth down, Zion Chapel could get no closer than the 3-yard line, turning the ball over to the Cats.

The New Brockton Gamecocks put a happy finish on their homecoming celebration last Friday when they shut out the Conecuh County Blue Devils 2-0 in New Brockton.

The Gamecocks now own a 3-2 record and will journey to Zion Chapel tomorrow night (Friday) in a cross-county battle.

The Gamecock defense totally throttled the Devil attack, and came through to score the winning points when it trapped the Conecuh County quarter-

back in his endzone.

New Brockton had two drives that carried inside the Devil's 20-yard line, but a recurring case of fumbleitis stopped both threats.

Terry Medley rushed for 63 yards in 20 carries to lead the Gamecock offense, and had help from James Foster with 52 yards. Quarterback Larry Wilson passed for 10 yards and ran for 9 yards.

The Conecuh County quarter-back in his endzone.

The scores came on a 49-yard pass from Otis Knight to Rodie Gamble, and a 71-yard interception return by Chris Wilkerson.

**It's not just a good idea. It's the law.**

**Who goes out of this world for you?**

We do... General Telephone. Twenty thousand miles out, and more.

It's part of an almost-quarter-billion-dollar project that makes it easier for you to make long-distance phone calls.

What you see here is one of the earth stations that are part of the system. It beams calls—18,000 at a clip—to a satellite hovering more than 20,000 miles above the equator. At the same time, it gathers in the same number of calls, and sends them out over our regular phone lines.

It's part of the incredibly complex telephone system that's just about the most effective and efficient communications system the world has ever seen.

And it's a reliability built in, whether it's an earth station talking to outer space—or a cute little telephone that's built like Mickey Mouse. Because we realize how important it is to keep you in touch with your world.

We spend hundreds of millions of dollars every year, making sure that when you pick up your phone... it works.

**We keep you talking.**

## Pastor's Corner

By: Rev. Jim Arbogast  
First Assembly of  
God Church, Elba

They did not miss the mark by much. Like a number of others we could mention, they almost became Christians.

Not that any of them were entirely lacking in good traits of character. On the contrary, they all had admirable qualities, but, in their cases a miss was worse than a mile - for they missed Heaven!

They were all outstanding men. One was a member of the leading religious group of his day, a Pharisee. The second was a rich young ruler. The third was a king. The words of the latter speak for all three: "Almost thou persuadedst me to be a Christian."

In Luke 18:10-14 Christ tells us about the Pharisee. "To look at the man, most people would accept him as an ideal church member. He appeared to be the kind of man any minister would be happy to have in his congregation, for he was morally impeccable and he paid tithes."

But the way he prayed would quickly change your opinion of him. He said: "Thank God, I am not a sinner like other men. I am not an extortioner like that tax collector over there! I never cheat, I don't commit adultery, I fast twice a week, and I give to God a tenth of everything I get."

While pretending to praise God, this man was so filled with pride he actually praised himself. Look how often he used the big "I": "I fast, I tithe," etc. Misunderstanding what it means to please the Lord, the Pharisee substituted outward appearance for inner holiness. He was a good man, but he was not "justified."

Far from being proud, the rich young ruler showed real humility. Running to Christ, he knelt before Him and begged for spiritual instruction. The account is in Mark 10:17-22.

"Good Master, what must I do to inherit eternal life?" To this Jesus replied, "Keep the commandments." For a

moment, the young man brightened. "All these have I observed from my youth," he said.

Still, there was a test to be made. So Jesus said, "One thing thou lackest: Go thy way, sell whatever thou has, and give it to the poor, and thou shalt have treasure in Heaven." But, the young man was sad at Christ's saying and went away grieved, "for he had great possessions."

To those who are unwilling to put God first in their lives, Christ asks a very pointed question: "What profit is there if you gain the whole world and lose eternal life?"

King Agrippa's statement, "Almost thou persuadedst me to be a Christian," came in response to a question asked by the apostle Paul. The king reacted like many other people who are convinced of the truth of the Gospel. They believe it, but hold back from making a commitment.

Personal pride, self-righteousness, love of money, love of pleasure and love of men are very timely excuses for missing Heaven. I pray you'll not be among those persons who "almost" made it.

Chestnut Grove Methodist Church will observe Homecoming this Sunday, October 8.

Services will begin with Sunday School at 10:00 a.m., followed by worship at 11:00 a.m. Rev. David Richburg, a former pastor presently serving as pastor of New Brighton First Baptist Church, will bring the message.

There will be dinner on the grounds, and singing during the afternoon.

The Dress Family from Opp and the Countrysman from Blakely, Georgia, will be special singers.

## Andrews Pastor At Church Of God

Rev. Kenneth D. Andrews is the new pastor at the Elba Church of God. Rev. and Mrs. Andrews are not new to this area, having pastored in various parts of southeast Alabama before.

Both Rev. and Mrs. Andrews are graduates of Lee College in Cleveland, Tennessee.

On September 24, 1978, at the evening service, Zion Chapel Baptist Church paid homage to the dedicated Christian re-

verend pastor, Dr. Robert L. Jones, Jr., who for twenty years served as church treasurer.

Mr. Johnson was presented a plaque from the Church commemorating his long and devoted service. After services were over, the entire church gathered in the social hall for the reception for Mr. and Mrs. Johnson.

The serving table held a magnificent cake baked for the occasion by Mrs. Ann Fuller. The cake was beautifully decorated and the top contained the following inscription: "For Twenty Years of faithful and loving service."

Mr. Johnson began his work as church treasurer on October 1, 1958 and ended it on October 1, 1978.

"And every priest standeth daily ministering and offering oblation: the same sacrifices, which can never take away sins: But this man, after he had offered one sacrifice for sins forever, sat down on the right hand of God." HEBREWS 10:11, 12

There will be dinner on the grounds, and singing during the afternoon.

The Dress Family from Opp and the Countrysman from Blakely, Georgia, will be special singers.
